MISSION

The mission of the Panhandle Area Educational Consortium (PAEC) is to enable all member and participating school districts to attain their goals by providing leadership and support services, maximizing the use of resources, linking schools, and facilitating communication across the consortium. One program provided as a service to maximize resources is the PAEC Professional Development Center (PDC). Through the PDC a comprehensive program of professional learning is coordinated and implemented in accordance with Florida’s Professional Development Protocol Standards for member and participating districts.

RATIONALE

Professional learning is changing, and small districts benefit from their collaboration in the Master Inservice Plan developed by PAEC. The plan serves as the foundation upon which each member and participating district builds their professional development system to enable staff to reach their full potential and maximize their effectiveness as teachers, leaders and facilitators of learning. To meet this goal the MIP is aligned with the standards contained in Florida’s Professional Development Protocol, and the PAEC Professional Development Center incorporates research from the National Staff Development Council (now Learning Forward) to guide professional learning opportunities provided within the districts.

MANAGEMENT

One of the major impediments to authentic change is “the presence of too many disconnected, episodic, piecemeal and superficially adorned projects” according to Michael Fullan (2001, p. 109). As the professional learning facilitator for multiple districts and many school communities it would be easy for the consortium to become fractured in its focus, however the PAEC Professional Development Center (PDC) management system allows the implementation of focused, data-driven professional learning activities based upon the school improvement needs of each school and district. Staff from each member district serves on the PDC Advisory Council. The Master Inservice Plan is reviewed by the Council and subsequently presented to their respective school board for approval.

ONLINE MANAGEMENT THROUGH THE ELECTRONIC PROFESSIONAL DEVELOPMENT CONNECTION (EPDC)

The electronic Professional Development Connections (ePDC) at PAEC is an online professional development management system available to the member districts. This electronic system allows teachers to register for staff development activities, report impact of participation in staff development activities, track their inservice points, complete a needs assessment and complete their Individual Professional Learning Plan effectively and efficiently. The system also permits school and district administrators to create and retrieve courses; manage attendance, follow-up and course completion; email participants; align course offerings with teacher needs and document implementation and impact of training in classrooms. Districts also utilize the system to generate report data for submission to the Florida Department of Education as per F.S. 6A-5.071.

ORGANIZATION

National Staff Development Standards and the Florida Professional Development Evaluation System Protocol serve as the guide for the design of the Master Inservice Plan. There are four major areas implemented at the teacher, school and district level – Planning, Learning, Implementing, and Evaluating.

Planning occurs at the individual/faculty, school and district levels. Teachers review previous and current student data, school improvement goals and initiatives and complete a personal needs assessment. Then each educator identifies personal learning goals and develops an Individual Professional Learning Plan (IPLP) which is discussed with their administrator and adjusted based upon performance appraisal data and other grade level or school priorities. Specific learning goals for student achievement and professional practice are clearly defined with an evaluation plan to determine the effectiveness of professional learning activities. The final IPLP is signed by both the educator and the
Administrator with a timeline for review. School Improvement Plans and goals are developed after review of student data. Teacher data in conjunction with the school improvement plan goals and objectives guides the completion of a school level professional development plan. District administrators utilize the school plans for setting district priorities for professional development learning opportunities. District data is used in planning the PAEC Master Inservice Plan.

Pursuant to State Board Rule 6A-5.071, Master In-service Plan Requirements, and on behalf of the PAEC member and participating districts, PAEC has developed and maintains an assessment of training needs. The PAEC Professional Development Needs Assessment is made available to school and district instructional and administrative staff members in an electronic format. The Needs Assessment is based on the twelve Educator Accomplished Practices and is designed to yield result and data reports for the Professional Development System Evaluation Protocol at each level- Faculty, School, and District in the areas of planning, delivery, follow-up and evaluation.

District personnel may generate customized reports or they may request copies of customized Professional Development Needs Assessment Reports from PAEC. Results of the assessment are used by PAEC staff to plan professional learning programs for districts and schools. Also, districts and schools consider the assessment results, along with student performance data, school improvement goals, personal growth objectives, as the professional learning is planned at those levels.

A copy of the electronic Professional Development Needs Assessment may be found on the following pages or by searching for “Needs Assessment” at www.paec.org.

**Learning** opportunities are provided to meet the needs at the faculty, school and district levels. To be most effective the learning activities will follow a collaborative approach that is sustained over an extended period of time with opportunities to implement and measure the impact on student learning in a collegial atmosphere. For instructional personnel learning opportunities focus on analysis of student achievement data, ongoing formal and informal assessments of student achievement, identification and use of enhanced and differentiated instructional strategies that emphasize rigor, relevance, and reading in the content areas, enhancement of subject content expertise, integrated use of classroom technology that enhances teaching and learning, classroom management, parent involvement, or school safety.

**Implementing** newly acquired skills and knowledge in a sustained and supported effort is necessary for changes in practice. Implementation is the very heart of professional learning. Applying new knowledge and techniques and observing the impact on student behavior and learning is the primary purpose of professional learning. Processes for follow-up and support for implementation of the professional learning are included with all learning components in the ePDC. These may include classroom based feedback, observation, reflection and collegial dialogue, coaching, mentoring or other supports.
Evaluating the effectiveness of the professional learning is multifaceted. First, the professional learning component activity is evaluated by the participants to determine the appropriateness of the design and delivery of the component. This is done electronically through the ePDC and the results are available to school, district staff and consultants. Next is the evaluation of the participant implementation of knowledge and skills gained through participation in the professional learning activity. The participant must provide evidence of implementation through one of the following: student test results, student portfolio, observation of student performance, changes in classroom practice, or other processes. Once evaluation is completed by all participants, data is reviewed to determine if revision of the component is needed.

Annually, professional learning activity reports are provided to each district. These reports provide data on component registration, follow-up, and completion to each district for evaluation of their specific learning activities. Additionally, analysis of this data is used along with student and school data to evaluate the effectiveness of the Master Inservice Plan.

ALIGNMENT WITH THE FLORIDA EDUCATOR ACCOMPLISHED PRACTICES

The Florida Educator Accomplished Practices serve as the state’s standards for effective instructional practice and are used to define and identify effective teaching.

The State Board of Education approved on December 17, 2010, a substantial revision of Rule 6A-5.065, redefining the Florida Accomplished Educator Practices (FEAPs). The revised rule, which replaces the original FEAPs approved in 1998, will serve as the state's new standards for effective instructional practice.

The new FEAPs are fewer in number and are based on essential foundational principles. In addition, the six (6) FEAPs are organized around the instructional process and professional expectations, with each FEAP clearly defined by a series of descriptors which constitute the full definition for that FEAP.

Individual school districts will use the FEAPS as the basis to craft or select more specific observable performance indicators and/or performance tasks for their evaluation systems.

Excerpt from 6A-5.065-The Educator Accomplished Practices as approved by the State Board of Education on December 17 2010:
A. **Quality of Instruction**

1. **Instructional Design and Lesson Planning.** Applying concepts from human development and learning theories, the effective educator consistently:
   a. Aligns instruction with state-adopted standards at the appropriate level of rigor;
   b. Sequences lessons and concepts to ensure coherence and required prior knowledge.
   c. Designs instruction for students to achieve mastery;
   d. Selects appropriate formative assessments to monitor learning;
   e. Uses a variety of data, independently, and in collaboration with colleagues, to evaluate learning outcomes, adjust planning and continuously improve the effectiveness of the lessons; and
   f. Develops learning experiences that require students to demonstrate a variety of applicable skills and competencies.

2. **The Learning Environment.** To maintain a student-centered learning environment that is safe, organized, equitable, flexible, inclusive, and collaborative, the effective educator consistently:
   a. Organizes, allocates, and manages the resources of time, space, and attention;
   b. Manages individual and class behaviors through a well-planned management system;
   c. Conveys high expectations to all students;
   d. Respects students’ cultural, linguistic and family background;
   e. Models clear, acceptable oral and written communication skills;
   f. Maintains a climate of openness, inquiry, fairness and support;
   g. Integrates current information and communication technologies;
   h. Adapts the learning environment to accommodate the differing needs and diversity of students; and
   i. Utilizes current and emerging assistive technologies that enable students to participate in high-quality communication interactions and achieve their educational goals.

3. **Instructional Delivery and Facilitation.** The effective educator consistently utilizes a deep and comprehensive knowledge of the subject taught to:
   a. Deliver engaging and challenging lessons;
   b. Deepen and enrich students’ understanding through content area literacy strategies, verbalization of thought, and application of the subject matter;
   c. Identify gaps in students’ subject matter knowledge;
   d. Modify instruction to respond to preconceptions or misconceptions;
   e. Relate and integrate the subject matter with other disciplines and life experiences;
   f. Employ higher-order questioning techniques;
   g. Apply varied instructional strategies and resources, including appropriate technology, to provide comprehensible instruction, and to teach for student understanding;
   h. Differentiate instruction based on an assessment of student learning needs and recognition of individual differences in students;
i. Support, encourage, and provide immediate and specific feedback to students to promote student achievement; and
j. Utilize student feedback to monitor instructional needs and to adjust instruction.

4. Assessment. The effective educator consistently:
a. Analyzes and applies data from multiple assessments and measures to diagnose students’ learning needs, informs instruction based on those needs, and drives the learning process;
b. Designs and aligns formative and summative assessments that match learning objectives and lead to mastery;
c. Uses a variety of assessment tools to monitor student progress, achievement and learning gains;
d. Modifies assessments and testing conditions to accommodate learning styles and varying levels of knowledge;
e. Shares the importance and outcomes of student assessment data with the student and the student’s parent/caregiver(s); and
f. Applies technology to organize and integrate assessment information.

B. Continuous Improvement, Responsibility and Ethics
1. Continuous Professional Improvement. The effective educator consistently:
a. Designs purposeful professional goals to strengthen the effectiveness of instruction based on students’ needs;
b. Examines and uses data-informed research to improve instruction and student achievement;
c. Collaborates with the home, school and larger communities to foster communication and to support student learning and continuous improvement;
d. Engages in targeted professional growth opportunities and reflective practices, both independently and in collaboration with colleagues; and
e. Implements knowledge and skills learned in professional development in the teaching and learning process.

2. Professional Responsibility and Ethical Conduct.
Understanding that educators are held to a high moral standard in a community, the effective educator adheres to the Code of Ethics and the Principles of Professional Conduct of the Education Profession of Florida, pursuant to State Board of Education Rules 6B-1.001 and 6B-1.006, F.A.C, and fulfills the expected obligations to students, the public and the education profession.
ALIGNMENT WITH THE FLORIDA PRINCIPAL LEADERSHIP STANDARDS

The Florida Principal Leadership Standards (FPLS) serve as the state’s standards for effective school leadership and are used to define the knowledge and skill sets needed in effective schools. The FPLS are:

Domain 1: Student Achievement:

Standard 1: Student Learning Results.
Effective school leaders achieve results on the school’s student learning goals.
   a. The school’s learning goals are based on the state’s adopted student academic standards and the district’s adopted curricula; and
   b. Student learning results are evidenced by the student performance and growth on statewide assessments; district-determined assessments that are implemented by the district under Section 1008.22, F.S.; international assessments; and other indicators of student success adopted by the district and state.

Standard 2: Student Learning as a Priority.
Effective school leaders demonstrate that student learning is their top priority through leadership actions that build and support a learning organization focused on student success. The leader:
   a. Enables faculty and staff to work as a system focused on student learning;
   b. Maintains a school climate that supports student engagement in learning;
   c. Generates high expectations for learning growth by all students; and
   d. Engages faculty and staff in efforts to close learning performance gaps among student subgroups within the school.

Domain 2: Instructional Leadership:

Standard 3: Instructional Plan Implementation.
Effective school leaders work collaboratively to develop and implement an instructional framework that aligns curriculum with state standards, effective instructional practices, student learning needs and assessments. The leader:
   a. Implements the Florida Educator Accomplished Practices as described in Rule 6A-5.065, F.A.C. through a common language of instruction;
   b. Engages in data analysis for instructional planning and improvement;
   c. Communicates the relationships among academic standards, effective instruction, and student performance;
   d. Implements the district’s adopted curricula and state’s adopted academic standards in a manner that is rigorous and culturally relevant to the students and school; and
   e. Ensures the appropriate use of high quality formative and interim assessments aligned with the adopted standards and curricula.
Standard 4: Faculty Development.

Effective school leaders recruit, retain and develop an effective and diverse faculty and staff. The leader:

a. Generates a focus on student and professional learning in the school that is clearly linked to the system-wide strategic objectives and the school improvement plan;
b. Evaluates, monitors, and provides timely feedback to faculty on the effectiveness of instruction;
c. Employs a faculty with the instructional proficiencies needed for the school population served;
d. Identifies faculty instructional proficiency needs, including standards-based content, research-based pedagogy, data analysis for instructional planning and improvement, and the use of instructional technology;
e. Implements professional learning that enables faculty to deliver culturally relevant and differentiated instruction; and
f. Provides resources and time and engages faculty in effective individual and collaborative professional learning throughout the school year.

Standard 5: Learning Environment.

Effective school leaders structure and monitor a school learning environment that improves learning for all of Florida’s diverse student population. The leader:

a. Maintains a safe, respectful and inclusive student-centered learning environment that is focused on equitable opportunities for learning and building a foundation for a fulfilling life in a democratic society and global economy;
b. Recognizes and uses diversity as an asset in the development and implementation of procedures and practices that motivate all students and improve student learning;
c. Promotes school and classroom practices that validate and value similarities and differences among students;
d. Provides recurring monitoring and feedback on the quality of the learning environment;
e. Initiates and supports continuous improvement processes focused on the students’ opportunities for success and well-being.
f. Engages faculty in recognizing and understanding cultural and developmental issues related to student learning by identifying and addressing strategies to minimize and/or eliminate achievement gaps.
Domain 3: Organizational Leadership

Effective school leaders employ and monitor a decision-making process that is based on vision, mission and improvement priorities using facts and data. The leader:

a. Gives priority attention to decisions that impact the quality of student learning and teacher proficiency;
b. Uses critical thinking and problem solving techniques to define problems and identify solutions;
c. Evaluates decisions for effectiveness, equity, intended and actual outcome; implements follow-up actions; and revises as needed;
d. Empowers others and distributes leadership when appropriate; and
e. Uses effective technology integration to enhance decision making and efficiency throughout the school.

Standard 7: Leadership Development.
Effective school leaders actively cultivate, support, and develop other leaders within the organization. The leader:

a. Identifies and cultivates potential and emerging leaders;
b. Provides evidence of delegation and trust in subordinate leaders;
c. Plans for succession management in key positions;
d. Promotes teacher–leadership functions focused on instructional proficiency and student learning; and
e. Develops sustainable and supportive relationships between school leaders, parents, community, higher education and business leaders.

Standard 8: School Management.
Effective school leaders manage the organization, operations, and facilities in ways that maximize the use of resources to promote a safe, efficient, legal, and effective learning environment. The leader:

a. Organizes time, tasks and projects effectively with clear objectives and coherent plans;
b. Establishes appropriate deadlines for him/herself and the entire organization;
c. Manages schedules, delegates, and allocates resources to promote collegial efforts in school improvement and faculty development; and
d. Is fiscally responsible and maximizes the impact of fiscal resources on instructional priorities.

Standard 9: Communication.
Effective school leaders practice two-way communications and use appropriate oral, written, and electronic communication and collaboration skills to accomplish school and system goals by building and maintaining relationships with students, faculty, parents, and community. The leader:

a. Actively listens to and learns from students, staff, parents, and community stakeholders;
b. Recognizes individuals for effective performance;
c. Communicates student expectations and performance information to students, parents, and community;
d. Maintains high visibility at school and in the community and regularly engages stakeholders in the work of the school;
e. Creates opportunities within the school to engage students, faculty, parents, and community stakeholders in constructive conversations about important school issues.
f. Utilizes appropriate technologies for communication and collaboration; and
g. Ensures faculty receives timely information about student learning requirements, academic standards, and all other local state and federal administrative requirements and decisions.

Domain 4: Professional and Ethical Behavior:

Standard 10: Professional and Ethical Behaviors.

Effective school leaders demonstrate personal and professional behaviors consistent with quality practices in education and as a community leader. The leader:

a. Adheres to the Code of Ethics and the Principles of Professional Conduct for the Education Profession in Florida, pursuant to Rules 6B-1.001 and 6B-1.006, F.A.C.
b. Demonstrates resiliency by staying focused on the school vision and reacting constructively to the barriers to success that include disagreement and dissent with leadership;
c. Demonstrates a commitment to the success of all students, identifying barriers and their impact on the well-being of the school, families, and local community;
d. Engages in professional learning that improves professional practice in alignment with the needs of the school system; and
e. Demonstrates willingness to admit error and learn from it;
f. Demonstrates explicit improvement in specific performance areas based on previous evaluations and formative feedback.
