Submission of the FAMU DRS/GradPoint Agreement to your school counselor is required prior to GradPoint enrollment. Please read the content of the following agreement carefully and thoughtfully. I understand:

- I must attend the scheduled orientation or student workshop;
- once enrolled in Pearson's GradPoint at FAMU DRS I must complete the Learning in GradPoint 2.0 training course prior to starting any of coursework in GradPoint;
- It is my responsibility to monitor my progress and completion of all coursework and read and/or respond (when applicable) to updates/announcements from teachers;
- I will take the appropriate End-of-Course (EOC) at my school (during the schedule exam time) if I take the following courses on GradPoint: Algebra I, Algebra II, Geometry, Biology, Civic, or US History (as applicable). The final full-year grade will be calculated by my school and will include the EOC as the final exam grade;
- All final grades are added to my academic history and will have an impact my Grade Point Average (GPA);
- Maintain the integrity of each GradPoint course by not sharing or receiving answers from my peers on any assignments and assessments (quizzes, test, etc.), or non-approved assistive devices/materials (i.e. online translators);
- Access to Pearson's GradPoint is granted to parents for the purpose of monitoring students' progress and receiving up-to-date information regarding assignments, grades, and due dates.

By signing this document, I attest that I have read the contents of this agreement and will abide by the above statements.
